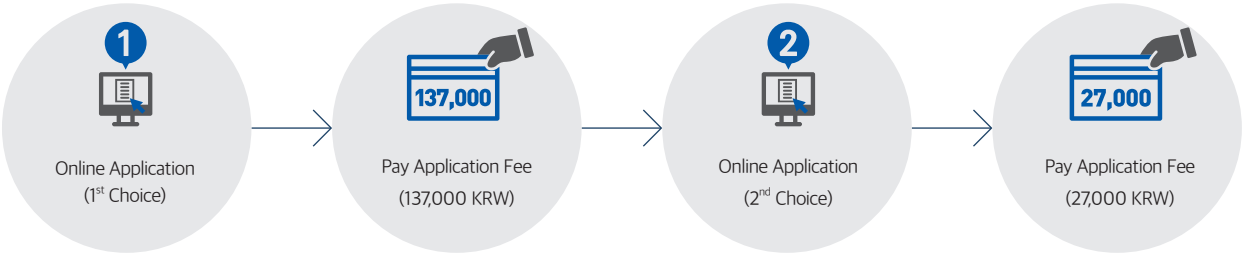
B. Dual Application Process



※ Applicants who wish to make a dual application must apply online twice. If applicants do not complete the payment of the 1st choice application fee, they cannot create a new application for the 2nd choice. (Extra transaction fee will occur if Paypal or Alipay is used)

Dual applicants must prepare the documents required by the departments to which they apply. However, only one copy is needed for educational and nationality-related documents.

E.g.1 When applying for a major that requries document evaluation in the 1st choice and artwork screening in the 2nd choice, artwork for the 2nd choice major must be submitted.

E.g.2 If artwork is required for both the 1st and 2nd choices of majors, artwork must be submitted separately for each.

C. Dual Application Selection

Applicants will first go through document evaluation and artwork screening for their 1st choice. Those who did not pass admission for their 1st choice will automatically be considered for admission to their 2nd choice.

D. Check the Results and Register

The results can be viewed on the OIA website by entering the applicant's application number and date of birth. Dual applicants should check the results for each application by entering the application numbers accordingly. If applicants are accepted for their 1st choice, their 2nd choice application will be automatically rejected, and they must register for their 1st choice.
